Important Message RE: COVID-19

During this time, as many individuals are taking this opportunity to relocate to Long Beach Island, we recommend that you reconsider this decision. Our first responders and our critical health care providers may not be equipped to handle this massive influx. What may seem like a flight to safety could put you and your loved ones in a dangerous situation where your primary health care providers are many miles away. We respectfully request that you please remain in your primary area until after the COVID-19 pandemic is over.

We thank you for your cooperation and look forward to seeing you when this emergency has ended. Stay safe and be well.

Very truly yours,

William Huelsenbeck
